

Name: \_\_\_\_\_

Step 8 Presentation (Purpose: "Sell" your work.) This step is graded by judges.

Experiment: Difficulty 5 (audience: general public)

Engineering: Difficulty 3 (Audience: engineers)

**Assemble and 3 fold display with:**

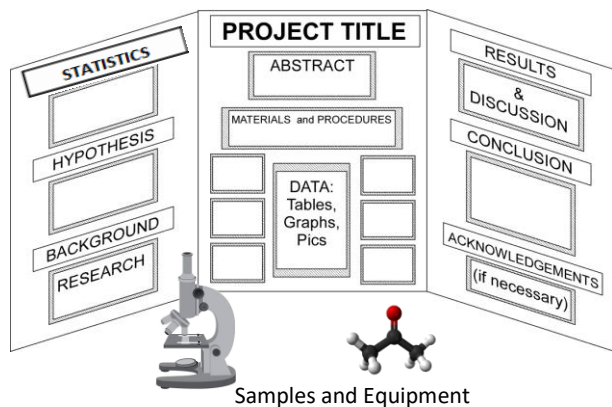

- 1 Title
- 2\* Hypothesis
- 3 \*Abstract
- 4 List of Materials & Equipment Used
- 5\* Procedure
- 6\* Results – Summary, Table and Graph
- 7 Math and Statistical Significance
- 8 Applications
- 9 Bibliography / Acknowledgements

**Display should have:**

attractive pictures  
 Colorful Title, subtitles visible from a distance  
 Carefully-written, neat, typed text

The abstract should follow the samples given.

\* Heavily weighted in grade

**Assemble and display suggestions:**

- 1 Title
- 2\* Target Users & Need Met
- 3 List of Materials & Tools Used
- 4\* Engineering Drawing (or Journal Booklet)
- 5 Features
- 6\* Invention (pictures if not possible)
- 7 Possible Improvements
- 9 Bibliography / Acknowledgements

**Best practices:**

Try to have a working model of your device available for use by the judges.

Make sure the drawing is neat and very complete

\* Heavily weighted in grade
